NATIONAL SENIOR CERTIFICATE EXAMINATION
SUPPLEMENTARY EXAMINATION – MARCH 2019

HISTORY: PAPER I

MARKING GUIDELINES

Time: 2 hours

100 marks

These marking guidelines are prepared for use by examiners and sub-examiners, all of whom are required to attend a standardisation meeting to ensure that the guidelines are consistently interpreted and applied in the marking of candidates' scripts.

The IEB will not enter into any discussions or correspondence about any marking guidelines. It is acknowledged that there may be different views about some matters of emphasis or detail in the guidelines. It is also recognised that, without the benefit of attendance at a standardisation meeting, there may be different interpretations of the application of the marking guidelines.

GENERIC RUBRIC FOR DISCURSIVE ESSAY

NB. An essay may have aspects of different level criteria. Decide which of the levels it fits into by determining where the majority of the criteria fit. Also consider the main impression level.

	Development of argument Answer generally characterised by ...	Evidence Answer generally characterised by ...	Style of writing Answer generally characterised by ...	Structure Answer generally characterised by ...	Main impression
Level 7+ 90–100% 63–70	Argument clearly set out in introduction and conclusion and sustained throughout body. No new ideas included in conclusion. Depth of understanding of the specific question. Possible evidence of extra reading. Clear logic throughout.	Accurate and relevant evidence in order to substantiate arguments. No gaps in knowledge (do not penalise according to a set list of facts). No unnecessary "facts" thrown in. No unnecessary repetition.	Formal, fluent and accurate throughout. Often characterised by "flair" – interesting and easy to read.	Clear introduction, body and conclusion.	The question has been fully answered from start to finish! Essay is interesting, exciting and logical. As complete an answer as can be expected from an 18-year-old writing under examination conditions.
Level 7 80–89% 56–62	Really good essay. Argument sustained throughout introduction, body and conclusion. Clear understanding of the period and the question. Perhaps, not quite the same depth or logic as the previous level.	Obviously knows work very well and has used relevant and accurate evidence to substantiate answer.	Formal, fluent and accurate throughout.	Clear introduction, body and conclusion.	A really good essay with clear understanding of the question and substantiated with accurate, relevant evidence but perhaps lacks the depth, flair and interest of the previous level.
Level 6 70–79% 49–55	Argument has minor lapses and/or certain aspects of the question are not adequately dealt with. Essay may be rather narrative with focus at times unclear.	Has made an obvious attempt to learn work. There may be some gaps or lack of sufficient handling of the evidence in relation to the question, e.g. does not fully explain relevant issues and events.	Generally formal, fluent and accurate throughout.	Clear introduction, body and conclusion.	Candidate has made a good attempt to learn the work and has a generally clear understanding of the period but perhaps has struggled to link this knowledge consistently and/or in depth to the specific question. OR Candidate understands the question but there are some important gaps in evidence.
Level 5 60–69% 42–48	Candidate might "tag on" focus without much depth. OR One aspect of the question is dealt with thoroughly but the other crucial aspect(s) are thinly dealt with.	Includes accurate, relevant evidence but there are a few important omissions. OR A lack of depth of explanation and understanding.	Generally formal, fluent and accurate throughout.	Introduction, body and conclusion present.	Question has been generally answered but lacks some depth of focus and evidence. Essay is largely narrative but does show some attempt to "tag on" focus. There are some gaps in important evidence. Perhaps, some inaccuracies in grammar.

Downloaded from eduresourceza.com

Level 4 50–59% 35–41	Focus is not clear and/or is intermittent. There is some tagged-on focus. OR One aspect of the question is dealt with satisfactorily but the other crucial aspect(s) are almost completely ignored.	Includes some accurate, relevant evidence but there are important omissions. There is some waffle with repetition of certain evidence.	Satisfactory in that it is legible and largely fluent. Perhaps, some colloquial or inaccurate use of language or sentence construction.	Maybe has made an attempt to include an introduction, body and conclusion but some structural problems, e.g. only one or two very long paragraphs.	Essay has some understanding but has too many gaps in knowledge and rather thin focus on the question. AND/OR Essay has some structural inaccuracies. AND/OR Some confusion in understanding question and selecting and explaining the evidence.
Level 3 40–49% 28–34	Little attempt to focus – does not even "tag on" focus. Perhaps, glimpses of implied focus. OR One aspect of the question is dealt with superficially but the other crucial aspect(s) are completely ignored.	Includes a little accurate, relevant evidence and there are many important omissions.	Style of writing is weak. (Be careful not to penalise second-language students). Essay is difficult to read and there are many grammar and language errors.	Possibly a weak attempt at structure but many problems, e.g. introduction not a paragraph, only one paragraph in the body.	The candidate does not really understand the specific question or the relevant issues. Argument is very shallow. Perhaps, there is some relevant and accurate evidence in an attempt to answer the question. Style of writing is simplistic although there may be an attempt to structure the essay.
Level 2 30–39% 21–27	Candidate makes little attempt to focus – does not even "tag on" focus. Perhaps, the occasional glimpse of implied focus. OR One aspect of the question is dealt with very superficially and the other crucial aspect(s) are completely ignored.	Includes a smattering of accurate, relevant evidence and there are huge important omissions.	Style of writing is very weak. (Be careful not to penalise second-language students). Essay is very difficult to read and there are many grammar and language errors. Much shallow repetition.	Little to no formal structure although some sign of accurate sentence construction.	The candidate is a very poor History candidate who would have just passed on the old Standard Grade. He/she struggles to see cause and effect, similarity or difference, different perspectives and to remember and to apply learned information. This candidate might have mixed up information but there is a smattering of accurate and relevant evidence although it does not actually address the specific question. Look for some implied (even if unconscious) focus.
Level 1 0–29% 0–20	Perhaps some very vague implied focus.	Zero to extremely little evidence.	Very weak style of writing.	No structure.	This candidate has either no historical understanding or ability or has made almost zero effort to learn his/her work or to understand the question. There may be the occasional vague reference to some relevant evidence and some very vague implied focus.
