16 May 2024

This marking guideline consists of 17 pages.

INSTRUCTIONS TO MARKERS: SECTION A – THEORY

1. Mark ALL the questions.
2. Read ALL the answers carefully, only allocate marks to correct answers. If alternative answers are correct, allocate the mark and do not penalise.
3. Follow the answers according to the numbering system used in this question paper.
4. Use only RED ink for SECTION A – Theory (QUESTION 1–5).
5. Make your ticks and crosses neatly and legibly. If a candidate did not answer a question, make crosses according to the marks allocated e.g. if a question was 5 marks, make 5 crosses, not more or less. Do not draw lines through unanswered questions.

INSTRUCTIONS TO MARKERS - MARKING MANIPULATION AND ACCURACY

SECTION B: PRACTICAL

WORD PROCESSING, SPREADSHEET AND PRESENTATION

The above mentioned questions must be marked with a BLUE and RED pen.

BLUE is for manipulation/display and RED is for accuracy.

NOTES FOR MANIPULATION:

- Write every number as indicated on the marking guideline. DON'T ONLY INDICATE THE INCORRECT NUMBER, ALL NUMBERS MUST BE WRITTEN ON ALL THE PRINTOUTS OF THE CANDIDATES.
- Write the numbers in more or less the same position as indicated in the marking guideline (this assists the internal moderator and chief marker when moderating).
- If the number for manipulation is incorrect, write the number with a cross next to it e.g. 5× or ×5
- If the number for manipulation is correct but a cross was already made next to the number, just encircle the number instead of using correction fluid or striking it through, e.g.

5

- If the candidate handed in any other blank pages or pages not relevant to mark, do not strike a line through the page, just write 'NOTED' on the page.

NOTES FOR ACCURACY:

- Every accuracy error must be indicated with a RED pen. Penalise with ONE mark per accuracy error. If the same word is repeated and spelled incorrectly, only penalise once, encircle the repeated word if incorrect, do not double penalise for the same word.
- If two words are keyed in correct but a letter space was omitted e.g. 'theman' instead of 'the man' do NOT penalise accuracy, penalise manipulation for letter spaces.
- If a word is keyed in incorrectly in UPPER CASE or lower case, it is NOT AN ACCURACY ERROR, it is a MANIPULATION error.
- Every word that is spelled incorrectly, whether in the same sentence or not or in the case where the word was cut off is marked as accuracy.
- Every word or sentence omitted/left out is an accuracy error, e.g. if the following sentence was left out: 'The cat climbed up the tree.' Penalise for ONE accuracy error for every word left out, even if the candidate forfeits all the accuracy marks. The candidate cannot be awarded accuracy marks if too much text was omitted.

The 2019 Rugby World Cup was the ninth edition of the Rugby World Cup, the quadrennial world championship for men's rugby union teams. It was hosted in **JAPAN** from 20 September to 2 November in 12 venues all across the country. The opening match was played at Ajinomoto Stadium in Chōfu, Tokyo, with the final match being held at International Stadium

Yokohama in Yokohama. This was the first time that the tournament had taken place in Asia and outside the traditional Tier 1 rugby nations. The tournament saw the first cancellation of matches at the Rugby World Cup with Typhoon Hagibis affecting three matches due to the expected impact on safety that the typhoon would have.

The International Rugby Board (IRB) requested that any members wishing to host the 2015 Rugby World Cup and/or the 2019 event should indicate their interest by 15 August 2008, though no details had to be provided at that stage. A record 10 unions responded, with the 2019 tournament of interest to nine nations. Russia initially announced plans to bid for both events, but withdrew both in February 2009 in favour of what proved to be a successful bid for the 2013 Rugby World Cup Sevens. Australia withdrew from the bidding process on 6 May 2009. The IRB (which was renamed World Rugby in November 2014), RWC Ltd, the JAPAN Rugby Football Union (JRFU) and host organisers JAPAN 2019 went through a process of asking for expressions of interest and meeting with and explaining game hosting requirements to interested parties from late 2013. In May 2014, it was announced that 22 municipalities and prefectural organisations across JAPAN had expressed interest.
